

## 2024 Jr Comet Football Spring Camp

Parents, we look forward to getting players together for a spring football camp in June. We plan to run drills and teach new and returning players basic football skills. Players invited are those currently finishing school in grades 7-8 and grade 6 players with 2011 birthdays. The camp will occur **June 18-20th from 4-6 pm at VSP.**

Players must complete the Informed consent form by Football Alberta, and the Football Release Form before stepping on the turf. The Football Alberta form can be returned to the junior high office.

Players should dress for the weather as it can be unpredictable. Players should have cleats and a water bottle. Players will not wear football equipment in this camp but will learn skills with light contact. The idea is to allow players to learn and demonstrate their skills to the coaches. This camp will be used as a tryout for the fall football season. We expect players to attend and do their very best.

We look forward to seeing the players and building on our successes.

Yours in Football,
